Competitive Exam Training

Report 2019-20

19/07/2019

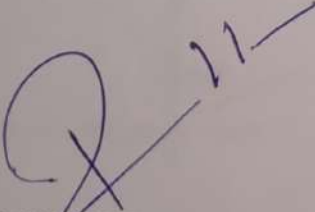

Competitive exams are considered as an integral part for the entry into a government organizations or an elite institution. The primary focus is imparting training to the students for taking up career in government sector.

To enhance our students' confidence to write up government sector exams, we are organizing Competitive exam coaching classes for the betterment of our students. To take part of this management has decided to conduct classes' during 3.10-4.00

To make this as an effective program we signed Memorandum of Understanding (MOU) with Indian Institute of Banking, Nagercoil. To conduct classes professionals are coming from the institution and handling one hour session to our students.

In this academic year we introduced two separate classes for competitive exams training (ie) Bank Coaching and TNPSC Coaching classes. Trainers are coming from the academy to train the students. In order to provide an effective training mock test and evaluations are made to improve the quality of the training.

This year in bank coaching 59 students are participating and in TNPSC coaching 171 students are getting benefit from these classes. We split up TNPSC classes into two sections (A,B). We are organizing this coaching classes for 3 month of period. Totally three professionals are coming regularly to make these classes more effective.

Motivational Talk Report

22.02.2022

A motivational talk for the students of II MA and III BA of English Department was conducted on **22.02.2022** from 1.30 to 3.00 p.m. The session started with a prayer by IIIrd year students. Our secretary, Rev. Fr. Sam F. Mathew, the resource person, focused on the title "*Action for Successful Achievements*" how one can program the subconscious mind to achieve success. He motivated the students to excel in studies and career.

During the talk, some videos were also played to motivate the students. He gave some most beneficial points and tips to the students to concentrate on studies and achieve their goals. He asked the students to set the goal in a SMART way, i.e. Specific, Measurable, Achievable, Realistic, and Timely. The workshop also focused on making the students build good habits with a practice of 21 days and students were excited to try it. He inspired the students to discover their true potential. It covered the key elements required for a student to be successful in academics and later life. After the session students felt much benefited with such a good time and were even willing to have regular sessions like this. Asst. Prof Gladis Das delivered the vote of thanks. Feedback was taken from the students.

He gave the tips and tricks to promote to a leader and how sacrificing task it is as well as how much dedication and commitment is needed for a person to become leader. He narrated his own life as an example how he achieved his goal.

A small Q&A session was assigned for the students where many students asked their doubts to the resource person. Post session feedback was given by students from III UG as well as II PG students. The session ended at 12.40 p.m. with vote of thanks by Sangeetha from II MA. The whole program was hosted by Darisha Jercy from II MA English.
