CRITERIA 2- TEACHING- LEARNING AND EVALUATION

2023-2024

Key Indicator-2.5 EVALUATION PROCESS AND REFORMS

2.5.1 Mechanism of internal/external assessment is transparent and robust in terms of frequency and mode

The college has transparent and robust evaluation process in terms of frequency and mode. In order to ensure transparency in internal assessment, the system of internal assessment is communicated with the students well in time. The Principal holds meetings of the faculties and directs them to ensure effective implementation of the evaluation process. The institution has an efficient mechanism of internal and external assessment which is transparent in the conduct. The institution strictly follows the guidelines of the affiliated university while conducting the internal assessment and final-semester examinations. There are two assessments such as External Examination and Continuous Internal Assessment (CIA). The external examination is controlled by the affiliated university. The role of the institution is to implement the directions from the University. The CIA is controlled by the Exam Cell whereas the Controller of Examinations will control the entire process. The preparation of the question paper, smooth conduct of the Exam, and evaluation are carried out on directions of the Controller of Examinations. The performance of the students is displayed on the Notice board and communicated to the students. For

transparent and robust for internal assessment, the mechanisms such as Internal Examination Committee, Question Paper Setting, Conduct of Examination, Result display and Interaction with students regarding their internal assessments are conducted.
